

Good morning,

The Special Olympics Spring event for 2016 is almost upon us! We are all getting very excited. Please join us for an information session regarding the Special Olympics and Pennsbury School District. I invite anyone who has questions about Special Olympics, staff who have questions about their student's attendance, parents who want more information, and/or staff members who want to find out how to volunteer this year and how they can assist us in years to come. The information sessions will be held on: April 11th, 13th, and 14th. The times differ to enable staff members to join us on these dates. I will be presenting the same information at all three sessions on all three dates. the times are: 7:30-8:00 (for Middle School Staff), 8:10-9:00 (for Elementary Staff), and 2:15-2:45 (for High School Staff). I invite parents to attend any session they choose.
